

INTRODUCING THE ALL-NEW
2026 FREEFLOW® COLLECTION
BY HOT SPRING® SPAS

New Models – Available Now!

We are excited to announce the launch of the new 2026 Freeflow Collection by Hot Spring Spas. This refreshed lineup delivers thoughtful design enhancements that blend modern aesthetics, improved functionality, and enhanced comfort—while maintaining the simplicity and ease of plug-and-play ownership that Freeflow customers love.

The Collection includes four redesigned models – the **Azure™**, **Monterey™**, **Excursion®**, and **Mini™**, along with the classic **Aptos™**, a strategic favorite to round out the line.

What's Changing

The 2026 Freeflow Collection has been strategically refined to elevate the entry-level spa experience:

- The lineup now consists exclusively of Premier-style models; Sport versions have been discontinued.
- A new Dune and Smoke color palette, paired with modern decorative 3D panels, creates a fresh, upscale look that clearly differentiates Freeflow in the entry-level market.
- Updated designs deliver a more contemporary aesthetic while reinforcing durability, comfort, and long-term value.

What's New

MODERNIZED EXTERIOR DESIGN

- Cleaner lines and improved geometry create a lighter, more contemporary appearance
- Exterior lighting enhances perceived quality and value
- Unique 3D panel designs add depth, visual interest, and premium differentiation
- Lighter, fresher color tones align with current design trends while offering subtle contrast

IMPROVED CONSTRUCTION

- Optimized mold design improves demolding, reduces surface flash, and enhances overall finish quality
- Standardized filter bucket locations improve plumbing efficiency and product consistency
- Simplified equipment door design enhances serviceability

ENHANCED STRUCTURAL INTEGRITY

- Reinforced corner construction increases overall strength and durability
- Bridged design elements improve load distribution to prevent bulging and maintain shape
- Structural upgrades ensure lasting stability and long-term performance

IMPROVED SEATING COMFORT

- Redesigned interior creates a more spacious, inviting environment
- Seats feature improved definition for enhanced comfort
- New headrests add comfort and reinforce perceived value
- Clearly defined and level cool-down seating areas support safer entry and added functionality
